

Inputs For Newsletter Class Vi – X (october 2017)

A popular motivational quote goes like this: Don't practise till you get it right. Practise until you can't get it wrong.

Well, that seemed the mantra in everyone's mind as we raced towards the end of the first term. But as we all know, all work and no play make us all quite dull. So, here's a note on some of our parallel activities that saved us from monotony.

Drama Enactment:

Students of class IX A enthusiastically participated in groups and learnt through actual practice the various roles involved in putting up a play in enacting 'Villa for Sale' by Sacha Guitry.

Science Enrichment:

Students of class X discovered the arrangements of androecium and gynoecium in different types of flowers in their Science class.

Special Day Celebrations:

Students of Class VI to X celebrated Raksha Bhandhan, Independence Day and Teacher's Day joyously and meaningfully.

Inter-School Competitions:

Students raised themselves to face challenges from other schools to sharpen their wit and sportive spirit. Be it a chess competition or the various tournaments of CBSE held at various locations in the city in which schools from all over Telangana and Andhra Pradesh participated and won laurels, our budding competitors were bold and ready to take them on fair and square.

Drug-Abuse Awareness Event:

In a bid to bring awareness to the students on the new developing dangers of drug abuse amidst young learners, the members of the School Cabinet from class IX and X presented important information on drugs and drug abuse to their classmates.
