

Bandlaguda Newsletter Class VI, VII & VIII June 2018

“A little step maybe the beginning of a great journey”.

Students are returning back to school after refreshing holidays, making them more enthusiastic and inquisitive to learn.

Science Teacher, Ms. Anila had conducted a series of activities as follows:

1. Electrical circuits were made by the students of Class VI C.

2. Chemistry Practical on Acids and Bases was done by students of VII B.

3. Activities done on a Crop production and management by VIII B students.

4. Chemistry Practical was done by VIII-B students on chemical displacement reactions.

With much excitement, students are now preparing for Periodic Test II and the students of class VII and VIII are, in addition, practising enthusiastically for the Investiture Ceremony. Also, earlier the students of class VI - VIII had participated with much joy and camaraderie in the Eid Special Assembly.
