**I am always doing that which I cannot do, in order that I may learn how to do it."**

**~ Pablo Picasso**

Such a beautiful thought! Our endeavour should be to learn continuously. If each one of us attempts learning something new, it would not only boost our confidence, but would also rejuvenate us. Experience the joy of learning! Learning by exploration, by doing and participating, making mistakes and correcting them, resolving problems - enjoy every moment in the process of discovering our strength and weaknesses and getting equipped to face life. This is essence of education.

## Importance of Values in Life

Values are the fundamental beliefs and principles that guide our behaviour, decisions, and actions. Values also define who we are and what we stand for. They represent what we consider important, meaningful, and desirable in life. These core convictions shape our character, influence our relationships, impact on how we navigate our own life and contribute to our overall well-being. Embracing and living in accordance with our values are the key factors to leading a meaningful, authentic, and fulfilling life.

Our school motto “Instilling Values, Nurturing Excellence.”, is self-explanatory. We believe our students will imbibe the values to become exemplary global citizens.

Warm Regards,  
Mr. Phanindra Bora  
Principal  
T.I.M.E. School

## Hindi Diwas

Hindi Diwas, celebrated on September 14<sup>th</sup> every year, is a significant occasion in India that commemorates the adoption of Hindi as the official language of the country. A special assembly was conducted in school on the occasion of Hindi Diwas. The program commenced with a speech delivered by one of our students which articulated the significance of Hindi Diwas, followed by a poem recitation by secondary-grade students. The programme came to a conclusion with the address by the Principal on the importance of Hindi Diwas, which marks the importance and legacy of the Hindi Language across the globe.

## Project Veer Gatha Edition 3.0 (conducted by CBSE)

Gallantry awards have been instituted by the Government of India to honor the acts of bravery and sacrifice of the officers/personnel of the Armed Forces, other lawfully constituted Forces, and Civilians. To disseminate the details of acts of bravery and the life stories of these brave- hearts among the students, it has been proposed by the Ministry of Defense (MoD) that school students may be motivated to do projects/activities based on

gallantry award winners. Three students from our school participated in this competition based on different class-wise categories on the given topic. A painting was presented by Harini A of class 7, a paragraph was written by Aadhyta Sai Kumar of class 5, and a poem was written by Awani Kashyap of class 9.

## Food Without Fire

In an exciting and innovative event, our school recently organized the 'Food Without Fire' inter-house competition on 21 September for classes 6 to 10, showcasing the culinary talents of the students. This competition not only highlighted the importance of safe cooking practices but also celebrated the diversity of flavors that can be achieved without the use of fire. The participants demonstrated their skills in food preparation, presentation, and flavor combinations, all while adhering to the 'food without fire' rules.

## PPT Presentation on Human Resources

Human resource is the ultimate resource. The Government of India has a Ministry of Human Resource Development. It was created in 1985 aiming to improve people's skills. We prepared a PPT of 8 slides and it was a challenging task gathering the information, pasting the images as per the information, adding transactions, etc. We presented the PPT in front of the audience. It was a wonderful experience.
